STARBASE**<sup>®</sup>  
Nurturing  
the Next Generation  
in Math & Science

**2010 ACE SUMMER ACADEMY**

**Consider a future in the Aerospace Industry**  
STARBASE Alaska has teamed up with FAA and Alaska  
Chapter 99s to offer an ACE Academy summer program.

Fun and  
exciting  
field trips!

**Some exciting careers  
students will explore are:**

- Air Traffic Controller
- Aircraft Maintenance  
Technician
- Aeronautical Engineer
- Professional Pilot
- Airport Management
- Airport Planner
- And much, much, more!

- ❖ ACE Academies are fun and exciting summer educational programs for middle school students that last a week. ACE Academies are co-sponsored by the Federal Aviation Administration (FAA) along with many other organizations.
- ❖ The FAA recognizes that our young men and women are our most valuable resource, and are committed to helping them become the next generation of qualified aerospace professionals.
- ❖ The focus includes a Science, Technology, Engineering and Mathematics (STEM) approach to learning.

**Dates & Time: 6/21/10 – 6/25/10 9am-4pm**

**Location: BP Energy Center**

**Age requirements: Must be age 12 and older**

**Cost: \$50.00. This covers Civil Air Patrol annual membership, supplies, snacks & field trip costs.**
